

LAKE VILLAS II

\$1,900,000+

BLUEJACK NATIONAL
MONTGOMERY, TEXAS

Spaciously set among the surrounding pines, the second Lake Villa enclave presents serene lakefront living with the best of both worlds at Bluejack National: privacy and proximity.

Embodying the spirit of Bluejack, Lake Villa living is where life and beauty come together. Bluejack's laid-back luxury lifestyle is truly just a wedge away from it all, with fishing, The Fort, and other award-winning amenities all within footsteps from the Lake Villas.

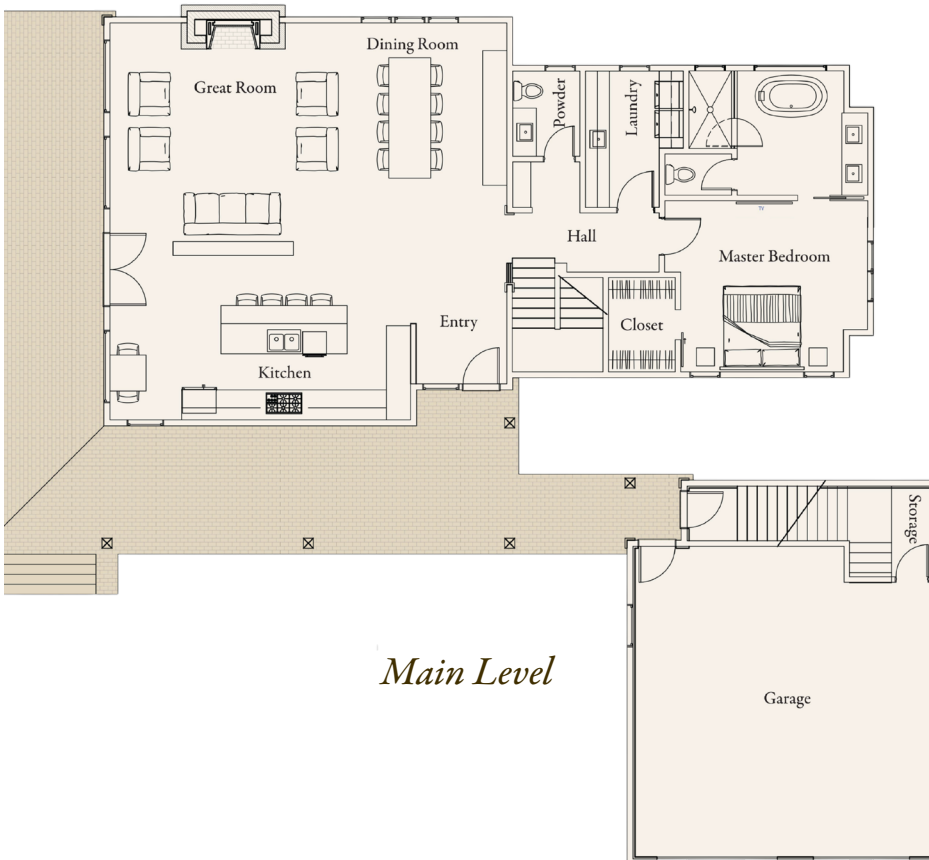

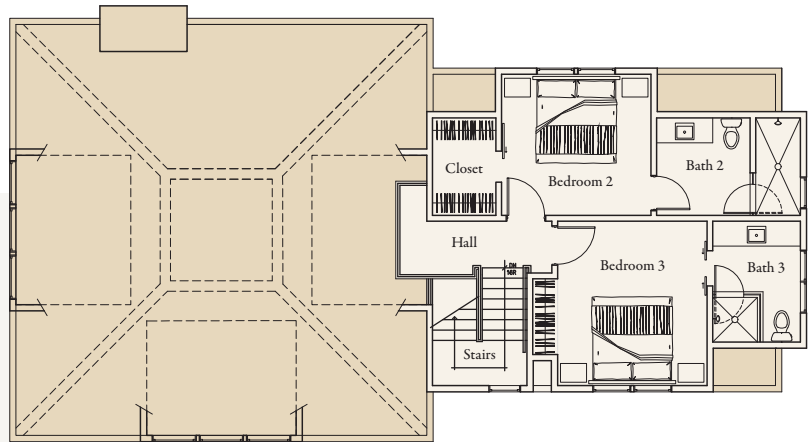

With only 12 Lake Villas generously situated across seven acres of lakefront land, families will be able to spread out inside and outside the home. The second edition of the Lake Villas features an enlarged master bedroom and enhancements throughout, as well as an option for a home office so residents can work and play from home.

All homeowners will enjoy lake views, a meandering path connecting this enclave to the community, and the freedom to explore all the special places and spaces throughout Bluejack National's 767 acres.
